What tranquilizer ? What kind of stupid gift is this ?
He wants me to calm down ?
That jerk
He is dangerous in many ways
That jerk
That was my first kiss
even though it was just a soft kiss

And
I don't like
the fact that
Yu Jin oppa
saw it ...
Jina, come
to our room.
Ok
According to
the documents...
The very first incident
was from hundred
years ago.
It is said that the curse
was initiated by killing
a boa that was about
to redeem.
Apparently,
our ancestors
drunk its blood
and one of the
elders in the family
said to be careful
about two people
before death.
Some of the
documents are
not from our era.
I think our ancestors
made these records
for future
reference
The curse takes its
toll every 10 to 15
years

And it has always been a murder by one person
It looks to me that the other person is one who helps or encourages or incites an abettor in another word
Isn't this all about revenge ?
It's said a boa that was God knows how old it was Does a snake like that really exist ?
Anyway, it says that killing and drinking its blood was the beginning of everything
If it's really about the snake wanting his revenge I don't think there's anything we can do
There's no explanation for something like this This is too mythic

How about this.
Perhaps, the ones that have attempted to murder aren't the ones we should consider dangerous.
Ther mot ves are understandable
But ther des re to kil surfaces and takes them over at an unknown po nt
Myeong Hyeon's mother and the man we visited recently belong to this case.
The first one who were killed by this curse is the elder. After her, it is every 10 or 15 years....
But how about this ? What if the snake was the first one that was killed by the curse ?
Some villagers killed the snake, but it was a man of the house who ordered.

Who was the abettor for the very first case?
Why did your family order to kill the snake in the first place? Who told them to kill?
According to this
It says that a priest advised your family to kill the snake
The priest?
But why would he?
We don't know yet
So far the abettors we know had no real motive
I believe that priest might be the abettor
Perhaps the priest has something to do with your family
Jaminés
www.jaimes.com

It could be
Our ancestors were
a noble family and had
a position in politics
With such a backgroud
there could be something
dirty we don't know
But a priest
I saw
Saw what?
No
I don't
remember
clearly
After talking to aunt
I had a dream ...a
nightmare that night
A priest said something
about boa
Tell me more
That's pretty much
everything
And a voice
a shouting
voice
Why ?
Why me ?
Yeah I think so
I just thought that
it was some
occasional nightmare

I recalled the nightmare when the priest was mentioned
No
I don't want this
It looks like Jina has opened the 6th sense for those kind of things
I don't want to be able to see ghosts and things like that
Don't take it too negative Jina
You may have opened your sense for those kind of things because you need to

Such powers are not always with you.
It is sometimes weak and sometimes strong.
Your life is being threatened now. Perhaps, that has made you sensitive enough to be able to feel and see those things.
Right now it will help you rather than harm you
You heard stories about people having done some impossible stuff during emergences
So be positive
it's late now Let's talk about this tomorrow

You are in need of such powers.
So, you have it, Jina ...

Jaminés

Good morn ng Yu Jn oppa
Yo Jna you slept much
Yeah I th nk I had a good sleep
Hungry too
There s really noth ng n the freezer
Eh ? What has my father been eatng then ?

Let s go shopp ng
Ok
SALE
Sorry about yesterday
What ?
You know what I sa d
What are you talk ng about ?
You know

Pig ~
I am not sorry anymore
Fine~
You know
Um I have a quest on to ask
If you don't want to answer that s f ne
What s it ?
When did you begin to see things ?

Since I was young ...

When I just came to Amer ca I had a hard time adapt ng I was tired mentally

At first, I didn't know that I was seeing a ghost.

I thought it was a person

Really I d d

But I realzed it wasn't a l v ng be ng

When I saw h s eyes

The eyes

They were very we rd

Fear it was as f he was feared

I ran
I d dn't want to
see such th ngs
I kept tell ng
myself that I
should not see
such th ngs
I kept tell ng me
so
And I th nk it worked
I d dn't see such
th ngs often
And slowly I was
see ng less and less
Until recently,
I wasn't see ng any
Ah...

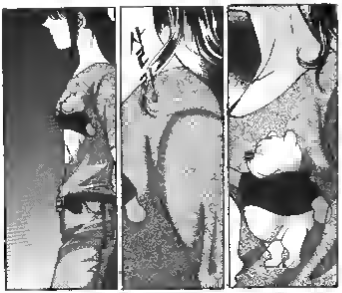
Jaranimes
www.janimes.com

I don't know
When it comes to her I don't know what to say
Jna I f nd you cute and ke you But
I d dn't want you to be involved n these matters
But s nce you are now, I fe t that t was my duty to protect you
But I honestly do not know whether it w ll help you or not n the end

I met Myeong Hyeon by pure coincidence and heard about your family. I came here and observed how it has progressed.
If there is anything I can do, I want to help.
That is if my ability is of any use.
And ... perhaps, by doing so, I can redeem myself.
What ?
Nothing.
Jina. I find you cute and like you But
I wanted to ask how much he liked her

But I couldn't ask
Words have many def nit ons
it depends on how they understand words
They are in fact quite dangerous
Everyone knows that
Really ?
I bel eve ghost s words are the same as our words
J na there s a ghost n front of you r ght now

Oppa ...I know what you are try ng to do But th s s dayl ght
I am not fall ng for that
Ghosts do appear dur ng dayl ght
When I saw a ghost for the f rst t me it was dayl ght
Well f you th nk it s a joke it s



It was a joke

Kkyack !

Don't do that again !

But you do see my pont now rght? I bet you were chilled

That shows how powerful words can be

I beleve a curse works n a smlar way

www.janimes.com

Th s s how mposters work They speak th ngs that w ll draw others attent on to them They make people concentrate on you
L ke the pr est who wanted to perform an exorc sm
People w ll want to bel eve them because they do not want to face some unfortunate event that they were told
You r ght now have actually exper enced unfortunate events So you are very sensit ve about it r ght now
So sometimes you should trust no one but only yourself
There w ll be times I can't help you
You can't pred ct future completely So th s s very mportant to remember

Words don't mean what they are supposed to mean always
Depend ng on how you dec de to understand t can be post ve as well as negat ve
In the end t s all up to you

J na wasn't n her room when I brought herb tea to her
I was a little angry for her be ng out at n ght and wondered where she went
and then I don't remember what happened next
I can't remember anyth ng at all
How was it to you ?
For me it wasn't that I couldn't remember at all
I knew what I was do ng I just d dn't have w ll to stop myself

When I regained my will enough to realize to stop myself
it was already over My sister was cold on ground
But your case is a little weird to me
And the priest too
Why don't you ask Yu Jin for some help
Yu Jin ? The one with Myeong Hyeon ?
I happened to get to know him through Myeong Hyeon His major s psychology
And he does have an ability personally also
Anyway thank you for bringing me to an isolated place
I didn't really want to see anyone
Because of his help I've managed to calm myself somewhat over the time
I even asked him to come along to the family meeting
Although I didn't want to be completely alone either
www.jaimes.com

But I do know that th s s not someth ng I should feel glad about
I know but
S s to be honest
I am glad that I am nvolved n th s aga n
If I could be of any help I w ll feel that I could redeem myself a little
I should be one who thanks you

It wasn't your fault for what happened to Jina
And I am not really in a position to tell you this but
The incident in past wasn't probably your fault either
Is that so
Is that so
Is that so
We are going to be late Get up
Um... a little more
You know what happened during the class trip ?
you too ?
I am going to get married soon

Sorry ...,
I am so sorry, sis
Whe would have knewn that peak ef my emot en fer a ment could cause such a leng nightmare
I semetimes dream ef yeur wedd ng
I must admit that I fet I ke harm ng yeu mementar ly..but that dees not mean I hated yeu
The dark m nd has caused my n ghtmare te be reality
Th s s what the curse s all abeut
Your wedding dress was beautiful
Trust me
I cannot say that I loved you But I can say that I did not want you to be gone
I wanted you to be happy
Perhaps my s ster wasn't cursed but me
Really
You were my sister who I've lived together with for 20 years after all ...

What happened to you Jna ?
Your heath seems to be f ne but why aren't you com ng to school ?
Well tomorrow s the beg nn ng of summer break though What happened to you really ?

Jaranes
www.janimes.com

It s hard to say
And it s something that you might find hard to believe
Kkyack
What did you do this for ?
Get a towel
Nevermind it I will clean it later

You asked me why I did this
Do you understand why I did this ?
I know that you are angry
I know you are having a hard time
Perhaps there isn't really anything for me to help you with
But if you don't give me anything at all even if I cannot help you I really can't do anything at all
If not asking you anything is what really is going to help you then fine But

I think I know that this is not about Je Seok Her, and me
It's not -
But you not telling me anything at is s as f you want to be left alone
Is it because I kept a secret from you ? You don't trust me like you used to anymore ?
perhaps
But it's not really about that really
'When pain s shared it gets smaller'
I

I felt complcated about seeng Je Seok and you gettng together
I know th s isn't what you want to hear now
But I th nk the concept s the same
Can you sleep over ?
Of course school s closed for summer break anyway
What a n ce t mng
Lucky

Yeah
One can feel luck from small things
Living is reinforced by social relationships
Living is good
Lucky ?
Can you give me your clothes I need to change and call home
Ok..

www.janimes.com

I have never seen him like this....
The guy has h gh pr de and has pr nce syndrome So he has always h gh attitude
He would never do th s normally
I don't know... If it was normal me, I might have been flattered ...
But I don't know his motive anymore.... especially not when I am going through this...
Come on, tell me already..
What is it ? Is your life depended on it ?
Why... are you laughing ?

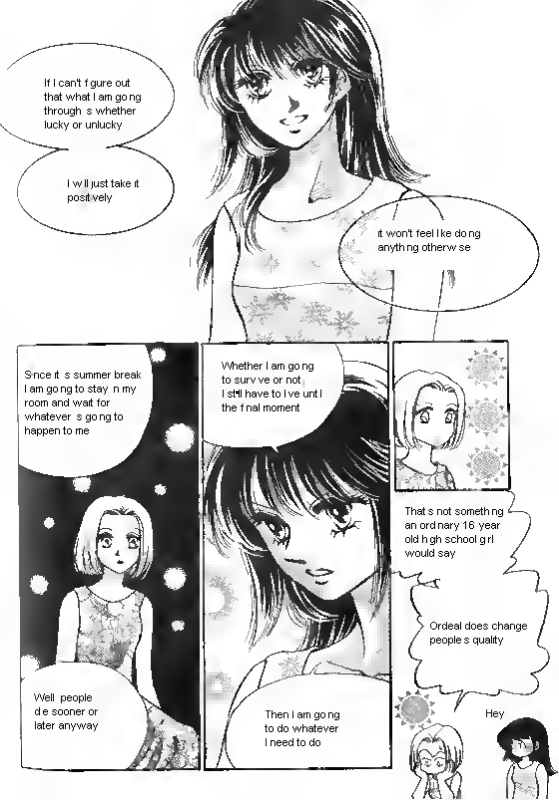
So, this is Jina's ?
I cannot believe that
he waited for this long...
I feel like it is
really nothing
Because
I like Jina
He said that
in front of
the girl Her
Who is Jina
anyway

That guy s pers stent
I heard that he cheated on J na ?
Can't he sense that th s s a bad t me ?
Is it really a bad t me ?
Huh?
I f nd it we rd that why these happen now

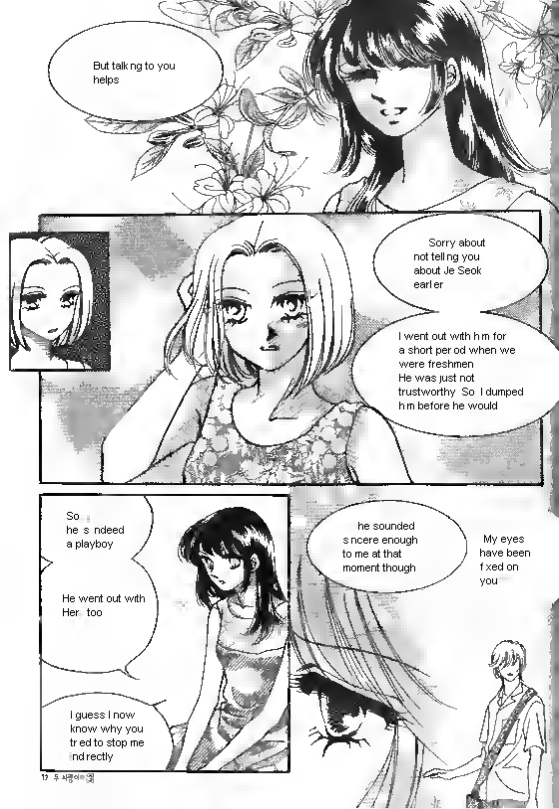
Do you think he has something to do with the curse?
Who knows... Anything can happen any time now. I say we are in a very bad situation.
So far the motives we've come across were not really crucial
The victims were practically unconsciousness when they were attempting to murder
The best way to contact the cause of the curse would be face a moment when it happens
Being like unconsciousness, it sounds like an animal spirit to me
We don't know who it will be ... Someone is building motives on others
In the first case the priest was an abettor and the snake was a victim

Is that really true ?
I told you
Two people around you ?
Who knows
And there are already two people who attempted to kill you and they are not the ones ? What does that mean ?
www.jaimes.com

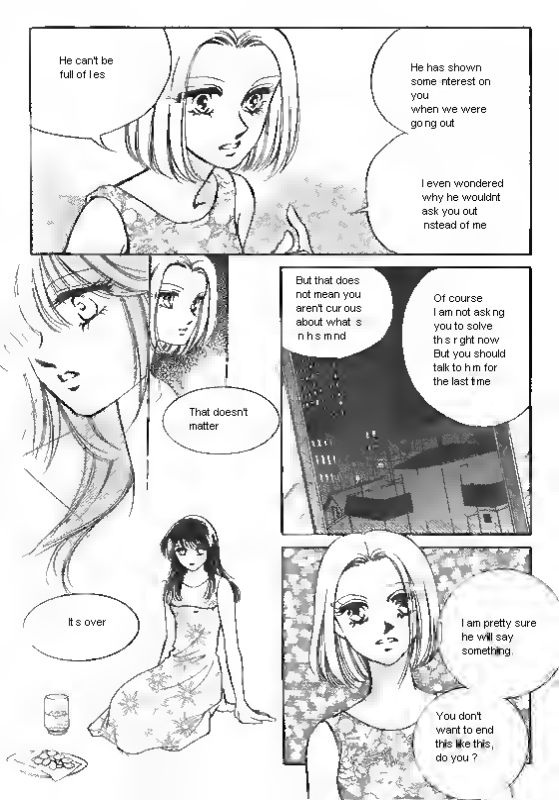
Th s s the
f rst case
Accord ng to the
date I've gotten
it had been
pretty much
stra ghtforward
I don't know
whether I am
lucky or not
though
I have noth ng
to say
I feel numb
Really
The problems that
we are hav ng
are really noth ng
compared to
yours
I k nd of feel that
you have many
bad events stuck
up all together though
You sa d that
it was lucky that
you can sleep over
at my house
Huh ?
Yeah because
normally my mother
would scold me
But summer break
just began and all



If I can't figure out that what I am going through is whether lucky or unlucky
I will just take it positively
it won't feel like doing anything otherwise
Since it is summer break I am going to stay in my room and wait for whatever is going to happen to me
Whether I am going to survive or not, I still have to live until the final moment
That's not something an ordinary 16 year old high school girl would say
Ordeal does change people's quality
Well people die sooner or later anyway
Then I am going to do whatever I need to do
Hey



But talk ng to you helps
Sorry about not tell ng you about Je Seok earl er
I went out wth h m for a short per od when we were freshmen He was just not trustworthy So I dumped h m before he would
So he s ndeed a playboy
He went out wth Her too
I guess I now know why you tr ed to stop me nd rectly
he sounded s ncere enough to me at that moment though
My eyes have been f xed on you



He can't be full of les
He has shown some nterest on you when we were go ng out
I even wondered why he wouldnt ask you out nstead of me
That doesn't matter
But that does not mean you aren't cur ous about what s n h s mnd
Of course I am not ask ng you to solve th s r ght now But you should talk to h m for the last time
It s over
I am pretty sure he will say something.
You don't want to end this like this, do you ?

Grls you want somethng to eat ?

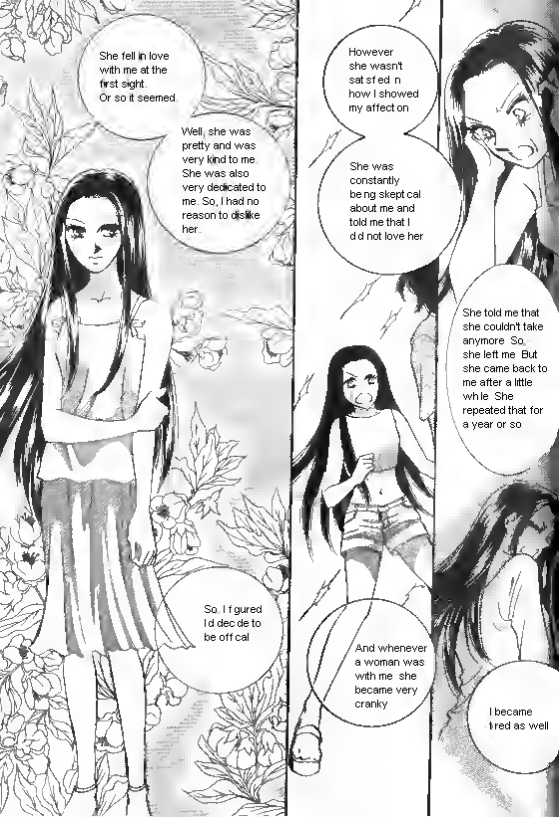
Yu Jn oppa are you sleep ng ?
Wa what s t Jna ?
She appeared n my dream agan
But I am beg nn ng to doubt that t was really a dream
I can't just let th s keep happen ng
Why s she appear ng to me ?
Myeong Hyeon s asleep completely fortunately
Let s go to the back yard
www.janimes.com

Tell me ... I know it is personal, but I really want to know why she keeps appearing in front of me.
I am really scared about this.
I don't really know
Perhaps because I am helping you
Why did she commit suicide?



She fell in love with me at the first sight.
Or so it seemed.
Well, she was pretty and was very kind to me. She was also very dedicated to me. So, I had no reason to dislike her.
So, I figured I'd decide to be official
However she wasn't satisfied with how I showed my affection
She was constantly being skeptical about me and told me that I did not love her
She told me that she couldn't take anymore. So, she left me. But she came back to me after a little while. She repeated that for a year or so
And whenever a woman was with me, she became very cranky
I became tired as well

But I couldn't be mean enough to cut her off. So, the relationship went on. One day, we were invited to a party.
I could easily foresee that she would get cranky again because of women who will be at the party. So, I told her that I wouldn't go.
She started yet another argument with me because of that. She said that she'd better leave me or die.
Seeing how she had been for a long time...
I just couldn't take anymore...
www.janmes.com

Then just die !
... So, I shouted at her.
Was that why
She ... frowned . . in a very strange way and then beamed a smile at me.
And then she told me that she loved me and left quetly

Soon after she really killed herself She overdosed herself to death
I love you Yu Jin I love you
I love you Yu Jin
After that
I do not like the word love
But I didn't know that at that time and I called her the next day
She didn't pick up and her answering machine picked up my call instread
And those were her last words

I began to hate the word so much that I shook my body whenever I heard the word
He is getting scary Of course..I understand where he s coming from
Let s say that she is appearing in front of you because of jealousy
Nothing will happen Don't worry about it
There are some people who ins st n believing in supernatural stuff
Jina ghosts cannot charm people directly
After all they are dead people
But always remember this the dead s only fragments of past They are not present Moreover they cannot exist n future

Log cally that s r ght
They do have knowledge of past where they l ved
That s all
If a ghost knows and foresees future, then t sn't really a ghost but someth ng else
All ghosts I've seen and felt were always t ed to ther past
Well sn't that called redempt on or n rvana!?
Isn't that because she still has lingering feelings for you ?
When ghosts become free of their past ..., they become holy and disappear. Why isn't she doing that ?

Well..., perhaps she wants me dead so that she can take me with her.
I believe she would have done that if she could.
She just can't because she doesn't have the powers.
What
I saw someth ng behnd h m
I must be tred
No No
Ok that s enough
Talk ng about th s knd of stuff n m ddle of n ght s mak ng th s even more scary
Don't talk anymore
I am gett ng scared I don't want to feel th ngs l ke th s
I feel l ke she s go ng to appear for real at any second
Let s sleep

Kkyyaa
t..ther..
T..there..ther..
Se Hu
Jna ?
You surpr sed me! Why d d you yell ?
We were talk ng about some scary stuff !
Uh .. why are you out of the bed ?
I went to washroom and found out that you were m ss ng
I wondered where you went
Well I had a n ghtmare and we were talk ng about it
I was about to go back

Perhaps, I spoke too fast

It could be any time and anyone.
I must escape.

I am leav ng
I should have known when she asked me to come here
You are simplier than I thought... It's so easy ....

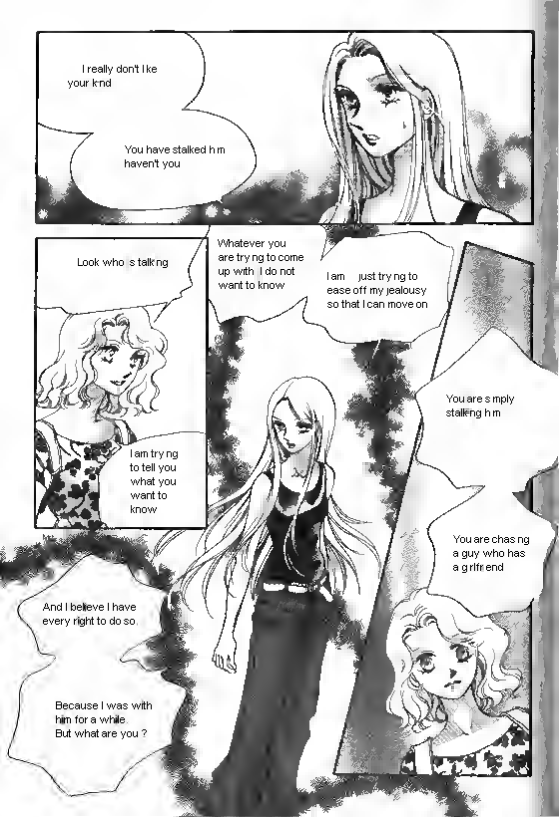
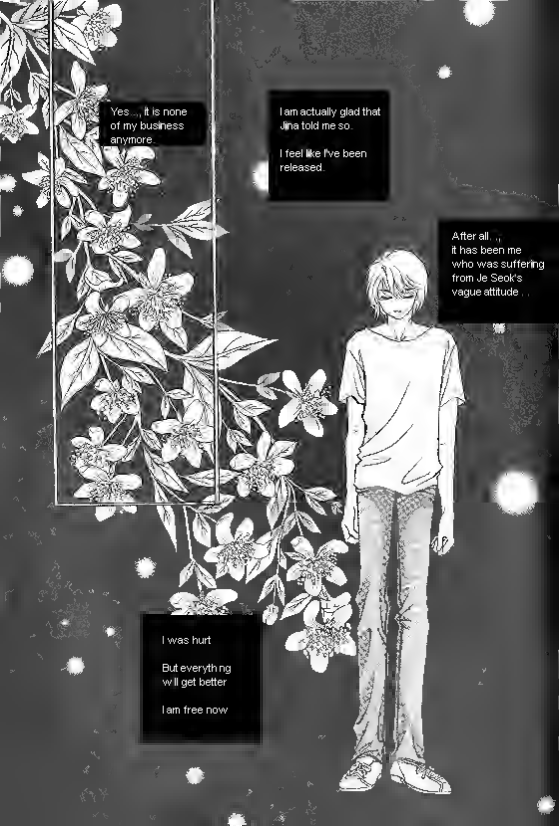
www.janimes.com

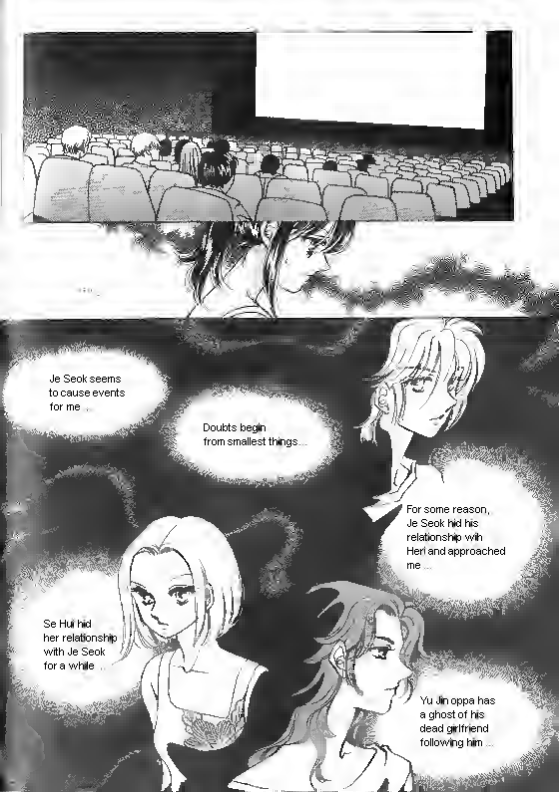


I really don't like your kind
You have stalked him haven't you
Look who's talking
I am trying to tell you what you want to know
Whatever you are trying to come up with I do not want to know
I am just trying to ease off my jealousy so that I can move on
You are simply stalking him
You are chasing a guy who has a girlfriend
And I believe I have every right to do so.
Because I was with him for a while. But what are you ?

But you see Je Seok oppa doesn't like Jina at all not at all...
But I see that you are not my "kind".
So long.
She's dangerous
"It's none of your damned business..."



Yes... it is none of my business anymore.
I am actually glad that Jina told me so.
I feel like I've been released.
After all... it has been me who was suffering from Je Seok's vague attitude...
I was hurt
But everyth ng w ll get better
I am free now



Je Seok seems to cause events for me ...
Doubts begin from smallest things...
For some reason, Je Seok hid his relationship with Heri and approached me ...
Se Hui hid her relationship with Je Seok for a while ...
Yu Jin oppa has a ghost of his dead girlfriend following him ...

Myeong Hyeon s the only one who doesn't seem to have anyth ng
But s it that s mple ?
I don't know -
Where do I begin this ?
I can't even consult anyone !

There must be a clue ....

Everything begins from something like rancor ... emotions...
In aunt s case, it was jealousy
it was doubt n h s case
And ghosts generally appear to let others know why they are there
Does that mean ... this curse is trying to tell something ?

You know the situation.

Think about it. When you proposed to me, at that time,

You had already went through people around me Se Hu and Her

If you d dn't say that you l ked me it wasn't really anyth ng that I would have m nded

Why pick the

You may find this childish but
It was because you began to speak of this Yu Jin guy
You spoke of another guy more and more
You have never spoken of another guy before
And you weren't interested in guys at all
His presence began to get on my nerve And then I saw him taking you by a car after school

What ?
So
I was beginning
to become impatient
So, I gave it a shot
I had a lot of thoughts
about it, too, because
I had only been making
jokes to you
So
when you gave me
a yes, I was pleased

The owner of the room you are renting told me.
Your father's company went bankrupt and your mother left. You were forced to live alone.
Say what?!

What right do you have to investigate my background ?
Kkyack
I didn't do it intentionally I had been waiting at your home remember ? I overheard
I heard that your father kept complaining that his company fell because of Jnas father
I didn't know which company it was at first but after hearing the company s name it was a company ran by Jnas father
And then I also found out that you were Jnas boyfriend
My father ?
Are you writing a plot for a drama ?
That s completely not true
My father s company made your father s company go bankrupt ?

perhaps that is sort of true
But it was about business
n adults' world
My father company was shaking way before that
That s why mother left also
"So, you are happy now..."
"The day I saw you for the first time at the school ...
I have been interested in you..."
So... that is how he recognized me . .

Well ... th s went a little off top c Anyway don't m sunderstand, Jna
That was not why I
Was it because of my father ?
Is that why you grew hatred toward me ?
I sa d that was not true
I am not that k nd of person
So I see now that why you had to p ck the worst t me
That is not true !
That is not really true !!
